Mohammed Saad Parbulkar

Co Founder at StrawHatts Developer's Community

I've spent the last 4 years learning everything there is to know about the Artificial Intelligence industry and still learning. I'm currently applying this knowledge in my freelance for my StrawHatts Developers.

WORK EXPERIENCE

Co Founder and Developer
StrawHatts Freelance Community

04/2021 - Present   *Mumbai, India*

StrawHatts is a community of developers who develops software projects for clients in a premium way. Also, train beginners for free.

Achievements/Tasks
- Successfully brought more than 120+ students together.
- Successfully managed 10+ Professional Projects.
- Newsletter related to Technology for engineering students.
- Guidance for students.

PERSONAL PROJECTS

Intelligent Chatbot (07/2020 - 04/2021)
- An Intelligent chatbot is a deep-learning chatbot that I and my team developed for a Bhopal-based startup during the final year of our diploma in computer engineering.

Recipe Rating System with Sentiment Analysis
 (07/2021 - 03/2022)
- As a freelancer, I developed a Recipe Rating System with Sentiment Analysis for my client. I developed the ML model for sentiment analysis and also a frontend for the same.

Book Recommendation system using ML model
 (01/2023 - Present)
